Private English Lessons give you the opportunity to focus on the language and skills which are most important for you, and progress at a pace which suits you. **Course Levels** We accept students at any level for our private English lessons. If you wish to study in a small group, members should be at a similar level and have similar learning aims. **Course Times** Classes can be taken at any time from 9.00am to 8.30pm, Monday to Saturday. We recommend that lessons are between 1½ and 3 hours long. Choose the days and times which are most convenient for you and we will do our best to find you a teacher. **Course Cost** Classes must be booked and paid for at least one week in advance. Prior to booking a number of lessons you can pay for a trial lesson separately to ensure you are happy with your teacher. For more information click here: <http://wles.net/courses/private-english/>
