Academic IELTS is an English test which is used as an entry requirement for studying at university in the UK. This is an intensive course which focuses on the language and skills needed in academic situations, such as writing essays, taking lecture notes, reading longer texts and giving short presentations and prepares students for the four parts of the IELTS exam. Part-time courses include 9 hours of tuition per week and courses last for 20 weeks. Classes are held on Mondays, Wednesdays and Fridays. Most students usually need at least 12 to 18 weeks (depending on intensity) to improve their IELTS score by 1 band. You may start a course any Monday. Teaching times: 12:45pm-4pm

Break times: 2:30pm-2.45pm The course is based on a coursebook, which changes each term. We provide certain materials free of charge, depending on the length of your course. Free trial available For more information click here: <http://wles.net/courses/ielts-exam/>
