

Learn New Skills From Home

Location **South East, Kent**
<https://www.freeadsz.co.uk/x-170400-z>

The LEARN NEW SKILLS FROM HOME website was founded in late 2009 by Paul Buggs, with the credence that everyone has the right to access quality training materials at an affordable price. We also believe that cost and time are holding individuals back to the detriment of their careers and the businesses they could be serving. We have alleviated these issues by offering learners flexible teach yourself guides, incorporating qualification syllabuses that can be completed without a time frame restriction and driving down our course costs by maintaining low overheads whilst not compromising on quality. Mission Statement â€œTo enhance global learning in ICT via quality, affordability and flexibility.â€• What We Cover Our teach yourself advanced office guides are designed to incorporate globally recognised syllabuses for, ECDL Advanced (European Computer Driving Licence), ICDL Advanced (International Computer Driving Licence) and the UK based syllabus for ITQ Advanced (Information Technology Qualification) qualification. We offer FREE no-obligation previews for all available Teach Yourself Advanced Guides. Full details are available from our purchase guides page with units from just £7.99!!! www.learn-new-skills-from-home
