2007 07 Iveco Daily 35s12 Race Van

The van first....

111k, last serviced at 107k. 3 previous owners. MOT until April 2016 with no advisories. New clutch and flywheel fitted at 110k. Good tyres all round including spare.

Drives very well and has cruise control (a good send for long journeys in anything but especially a camper), electric windows, hands free kit, cd radio, aux/ipod.usb music playback, extra rear speakers, trip computer. These Iveco vans only have 5 speed gearboxes, not the 6 found in crafter/sprinter, but the top gear is taller than that in other vans so engine speeds are lower on the motorway improving efficiency and reducing noise. 3 seat cab all retrimmed to match the rear.

It's a great looking van, I've been all about the UK in it and would happily go anywhere tomorrow. Being the XLWB it is 500mm longer than most sprinters which give lots more room inside, it is really noticeable compared to other race vans. The camper....
