

# Guitar Android Apps Free

Location **London, London**  
<https://www.freeadsz.co.uk/x-170777-z>

Download now free from Google Play <http://bit.ly/1J7dL4T> A good introduction to enabling your Creativity and learning Finger Picking for Guitar. There are some Tablature exercise videos that play and you can see the printed Tablature too, also easy to read chord diagrams showing the fingering in all keys ideal for beginners. This is like an eBook for Android devices. There is also an option to subscribe as a member for access to many more guitar modules too, membership is only GBP £1 for a year. A subscription is for a METS MUSIC membership and this allows access to all material from [www.metsmusic.com](http://www.metsmusic.com) and also [www.appsforguitar.com](http://www.appsforguitar.com) The subscription is set at a very small amount to enable anyone and everyone to afford the benefits of all the different modules now and in the future Download now free from Google Play <http://bit.ly>
