Need a good reliable experienced plumber? Over 35 years in the plumbing industry. Fed up with that loose or drippy tap? Cistern not flushing properly? Why not change your lever cistern to a push button without replacing your WC pan and cistern? Call the specialists in repairing the plumbing jobs you think nobody wants to do. All plumbing and heating work undertaken. Tap washers to complete bathroom installations. Radiator leaks to full central heating systems. Landlords reports. No job to small. All work fully insured. No call out charge. Free estimates. Bathrooms. Power showers. Replace baths with shower tray. Kitchens. Any area. Prices to suite all budgets. Anything you require we can do it. Why not give me a call? I will try my best to beat your other estimates without compromising on quality.
