Here at Autoflit we pay cash for scrap cars, accident damaged cars, cars in need of repair, Mot failures or simply any type of vehicles you need removed. Whatever the reason we can turn it into cash and remove it safely and discreetly with same day service available. Vehicles to be scrapped will be legally recycled at an environmentally friendly, registered, authorised treatment facility. All legal paper work will be taken care of through a computerised link to the DVLA data base. Certificate of destruction available if required. Every effort will be made to save Classic vehicles and if this is not possible we will dismantle them and distribute the parts through the Classic vehicle movement. We also offer a car collection and delivery service covering Scotland and the North of England. So whether you have bought or sold a vehicle we can cut out the hassle of transporting it yourself with the peace of mind that it will be done completely legal at a realistic, affordable.
