Hi. I have for sale my Yamaha FZS600 Fazer.

2000 W reg. 30,000 miles with a full years mot, just passed with no advisories.

the bike is in excellent condition, it's been very well looked after garaged all it's life. there's NO rust on it anywhere no scratches or dents, everything works like new. plenty of tread on the tyres (Dunlop) just fitted a brand new clutch cable. has a full stainless steel exhaust.

it has an alarm and is datatagged

engine,clutch,gears,lights etc everything is 100% spot on!

lots of power great on fuel and cheap to insure

it's had recent chain and sprockets

bike is ready to drive away it wants for nothing no test pilots without the cash in my hand and please no timewasters! I work monday - Friday until 6pm.

not really interested in a swap

no offers, the price is firm thanks for
