

# Ford Transit Mk2 coachbuilt Advantura. 1984 (3,250 GBP)

Location

South West, Hampshire

<https://www.freeadsz.co.uk/x-172355-z>

genuine 84000 mls of which, only about 15000 on 1990 2.5 Di engine which was rebuilt just prior to being installed in this van complete with its matching 5sp g/box. Drives v. nicely now compared to the original 2.0 petrol engine/ 4sp box— I feel the diesel is only just running in! 4/5 berth ( double from settees, double overcab, plus single across rear single seats),(very spacious for couple (there are only 2 belted seats),two tables, h&c water, shower, toilet, oven, hob, grill, 3 way(240v/12v/gas) fridge, 240v hook up, twin batteries with split relay, full awning which can be left up as drive away. We have loved it for 12 years, but now want something different, so want to pass this on as a starter for someone else to appreciate. GENUINE enquiries only
