I'm a fourth-generation clairvoyant medium who uses clairvoyance, mediumship and tarot cards to provide you with guidance from spirit. I connect with your energies, the energies of those around you, your guides, departed loved ones and angels. I'm a light worker who works with spirit to help you on your path. What I can provide: A connection to spirit and the wisdom it has for you. Excellent clairvoyant ability to read energies, intentions and thoughts in relationships. Spiritual guidance on the challenges you face right now. Help in identifying key choices, blocks and steps to move forward. Connection with loved ones who have passed over. I do face-to-face, phone and Skype readings. My connection to you is as strong via Skype as it is in person (Skype ID: kathryn.guidancefromspirit). I tune in to your energies remotely before and during your reading. This month, I'm offering one-hour Skype readings for £40. Face-to-face readings include a CD recording and are conducted in a private setting within walking distance from Chester Cathedral.
