Location **East Midlands, Lincolnshire** https://www.freeadsz.co.uk/x-173874-z

Looking for any early 80's (or late 70's) machines & parts surplus to requirements. Can arrange collection of job lots or single machines more or less anywhere on mainland, IOW etc. I've been collecting and restoring old faulty damaged games for several years and always looking for more in need of rescue and some TLC - please get in touch if you think you may have something of.
