

Marshall JCM 800 Kerry King Signature (700 GBP)

Location **South East, Berkshire**

I'm away at the moment and this is the only photo I have of the head, need to advertise it asap, ignore the cab and the bass. I still have the original protective "sleeve" used for transporting, you can't see this in the pic.

If you're looking for a Marshall JCM800 Kerry King signature you know what you want and would have done your research already, so I'm not going to spend time writing about how good it is.

It works the same as it did when it was new, with minimal wear.

If you can buy this new it would cost you around £1600+
