

Decorative miniature perfume flask with funnel for filling (5 GBP)

Location

South West, Gloucestershire

<https://www.freeadsz.co.uk/x-173957-z>

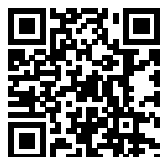

Very pretty decorative miniature perfume flask together with miniature plastic funnel for filling it. The flask is 7cm tall made of a grey metal (pewter?) with blue glass and metal decoration. The top, which has a grey silk tassel attached, unscrews so that the flask can be filled. Although this item is quite old and has not been used for many years there is still a very faint scent detectable! It is in perfect.
