New, unused door seal for AEG LAVOLOGIC washing machine, model number 914 003 471 00. This was bought for our old machine when it stopped and the door seal was misshapen - the actual fault turned out to be a broken spring from the drum! Anyway, we have a new machine and don't need the doorseal. We bought it from [ukwhitegoods.com](http://ukwhitegoods.com) about 1 month ago (cost £43)
