Millions of people feel & believe that they do not belong to this world. are you one of them? A lot of people believe that thy have guardian angles and spirit guides and would like to meet with them. Is there someone who has passed over to the spirit world you would like to talk to, what would you ask them? A combination of relaxation, meditation and holifonic sounds will allow you to tap into the psychic levels of your mind and receive answers to these and other questions or guidance to improve your life. How do you cope with everyday problems? Do you listen to your internal voice. It has a message for you. What is it? The answer is in the cards. I offer Tarot , Runes, Playing cards, PSY cards and Mirror cards. especially designed for relationship problems. Weather your reading is for a special enquiry or simply for entertainment, you will know more about your self and your loved ones. If you feel the need to find answers or to understand yourself more or just to hear your internal voice. Or if you just want some guidance to everyday problems, then I might be able to help you. Please call me on 07555
