

# Stainless steel bathroom taps from COCOON (370 GBP)

Location **London, London**  
<https://www.freeadsz.co.uk/x-176760-z>

Stainless Steel Taps and Showers from Dutch Designer brand COCOON (worldwide delivery!) Designed to last a lifetime For COCOON, Stainless Steel is a logical choice as a material for bathroom armatures. Besides the fact that this material lasts forever, it is very hygienic and non-toxic such as chrome or brushed nickel (stainless steel look). The surface of our stainless steel faucets have been treated with NANO technology that our COCOON Studio developed by looking at the self-cleaning effect of the lotus leaf. Because the nano particles fill up small spaces between the molecules in the surface, it will become water and dirt-repellent. A great feature for a tap we thought.. Why Inox Taps by COCOON? > No.1 choice of Architects > Best Price/Quality ratio in the world > Very short delivery times > 20 year warranty on the Stainless Steel > Ceramic Cartridges Kerox > Spare parts lifelong available > 'Easy to Clean' Technology > Free delivery Comparable to the quality and design of renowned brands such as VOLA, Boffi, Agape, KWC and MGS, COCOON stands out for a perfect price-quality ratio. For example: wall-mounted basin tap VOLA 111 costs around 600 GBP (ex. VAT) and wall-mounted basin tap COCOON Mono set2 costs 370 GBP (ex. VAT) for the same material and guarantee. Many more inox taps for sale on our website, as well as solid surface washbasins, freestanding bathtubs etc. We deliver worldwide! shop online on <http://www.bycocoon.com> or Showroom UK: Atelier Plus Ltd 6-8 Warwick Road, Kensington SW5 9UG, London 074 11 26 50
