Yamaha FXSHO 2007 Owned the ski for 2 years. It has low hours, 81 on the clock. It is in good condition for its age with only light scratches under the hull, where the previous owner used in a lake where it was beached to get on and off it. Serviced regularly with only Yamaha grade oil and filter (recently had a service for this year) Mainly been used in a lake where I live and used a few times in the sea. It has been washed and flushed out after every use and stored in a garage. It comes with a roller coaster trailer which has just had new bearings and wide sand tyres and I have put a riva racing straight through exhaust pipe on it. Other than this modification of the ski is standard and has been a very reliable ski for me. ;
