I will check your work to ensure clarity and resolve errors that may cost you precious marks: typos, punctuation, grammar and referencing. Educated to PhD level and with over 5 years' experience of proofreading essays, projects, dissertations and theses from most academic subjects, my service is meticulous, reliable and will enable you to submit your work with confidence. I particularly welcome work from non-native English speakers. I use Track Changes in Microsoft Word to indicate corrections, adjustments and can offer suggestions on how to improve phrases, sentences or passages, which you then have the option to either accept or reject. As I work outside normal working hours, if you are working to a tight deadline I can be flexible in accommodating your requirements. My service starts at £8 per 1000 words. I look forward to hearing from.
