I am a friendly and inspiring tutor with over 10 years of experience in both classroom teaching and private tutoring. The majority of my students have achieved excellent grades through my exam focussed approach. My strategic approach includes face-to-face lecturing combined with communicating with students via email, webex, phone and multi-media resources. Have worked in teaching and financial analysis for the past 15 years. My teaching experience includes Mathematics, Accounting and Business Studies (GCSEs & A Levels), Financial Accounting, Management Accounting and Financial Management at undergraduate and professional qualification (CIMA, ACCA, AAT, CIPFA) levels. My aim is to make learning fun. I always strive to develop a bond with the student and adapt and tailor my teaching to their best learning approach and focus on the most relevant areas for the specific.
