Location **South East, East Sussex**

The van is a diesel, 2.5 engine that pulls well. It's a LWB
 I've reached 70 on the motorway, although it is an old van so it's advised to drive at 55 mph tops.

It's got everything you need in it, and a good runner.

sink / taps / boiler but sometimes takes a while to get going - might need a fuse replacing.) shower/ (no toilet but can buy a porta loo and fit it in the shower room) oven /lights/ grill / electric / leisure battery/ hob lots of storage / new starter battery (bought in aug) / a double sided seat that pulls out into a long comfy bed, real red velvet cushion covers !

Swivel passenger chair (extremely comfy chairs)

It's got the rare double doors that extend out wards and can stay fastened with the hinge which is a great feature i must say

Long MOT till June 2016

Road tax till December

No real rust

Like i say it's an old van so don't expect a new one

No power steering and good old chunky gears

Have to lock the drivers side from the inside, it's got newly installed speakers but not connected up to cd player as of yet.

Also the little plastic flap that covers the hook up has come off (3 inch cover) (easy to replace) you see

plenty of campers with the same thing missing and no problems

£2400 or best offer
