I need to sell either this 2 door Minor or my traveller, which is also advertised. This 2 door is in really good condition and had a lot of money spent on it in 2008 when it was restored and resprayed. Very little welding was found necessary on the bodywork. A completely new engine, battery and radiator were also fitted in 2013. The car has a couple of months MOT left at the moment, but I will send it for a test with confidence it will gain a new 12 months certificate. Either of my cars are very collectable, and an investment if cared for.;
