Gillingham, Kent-Asahi Pentax AF200S dedicated flash unit in original packaging in it's case and with original Pentax instructions, bought with Pentax MV film camera. Excellent condition. This was bought new, for lady owner with an interest in photography but due to domestics taking over, it was lovingly kept. I would like this item to go to a photography enthusiast / collector who will make good use of it. I understand this flash unit can be used for other non dedicated cameras (for many 35mm, medium format and digital SLR cameras--works on KA, AF, digital) £15.00 Please ring EVENINGS MON-THU or 8am-9pm FRI-SUN on 07980 208289. ;
