Professional family photographer in Rugby town centre. Sarah Seggy Photography is a photography company set up by Sarah Segnitz with a passion for photography, I knew this is what I wanted to do. I am an experienced photographer who love taking beautiful photographs of your most treasured moments. My studio is based in the centre of Rugby and it is proving to be a huge success. Photography is not a job to me, it's a passion. Whether it be a family picture for generations to admire or the first pictures of your most precious newborn, I always aim to get the most out of your photo session. I firmly believe memories shouldn't be kept in a box but on the walls which is why I offer print credit towards your purchases. I run my business with parents in mind, therefore there is no hard sell, all my prices are upfront and available, I offer online viewing, so you can view in your own time and share your gallery with family and friends before making your final decisions. Sessions are flexible, times are a guideline, I will never charge you any more should your session take any longer. So please take a look around my website and give me a 'like' on Facebook and keep up-to-date with my most current work as well as special offers. Thank you. Sarah
