2005 Qingqi Global Eagle 200cc Motorcycle

This bike is a non runner and is being sold as a project bike for restoration.  
The Bike is Sorn and has the V5 to go with it.

This is one rare bike. It was purchased and imported new by a well known Photographer and he was so impressed with the bikes looks that he featured it as the subject of one of his masterpieces. You will not see another like it. It is a stunning looking bike that looks like a little Harley. it's a 200cc 4 Stroke single and does about 100mpg. It has pretty impressive performance for its size too with lots of torque also extremely comfortable to ride with its studded luxurious seat. The bike has a backrest too for the pillion. The bike used to run and handle like a dream. Cheap to insure and cheap to tax and a real head turner. This bike would need the following as far as I Know to pass an MOT. New number plate (its broken), new starter motor (Was stolen), battery and rear tyre. The engine was in prime condition when last run and serviced.

Cosmetic blemishes and minor scratches and surface rust on the frame here and there. Chrome Bars to the Backrest have gone rusty but is not visible as is behind the saddle bags and paint has peeled on the crankcases but a can of heat proof paint could solve this for next to nothing. The photographs show other cosmetic damage. Overall the bike looks lovely as it is. A battery and starter and she would run well. The bike has been standing for 5 years now but could easily be put back into use. Needs a good tidy up for sure.

Bike was only used for 5 years from new and standing since but been covered up. The bike is very low mileage and engine has been new. This will be sold as a project bike with a 1 year warranty when viewing is seen. Bike is for collection or collection. Delivery is not available. If you are collecting the bike or to view it, please call 07597 191598 and leave a message and your phone number and will call you back or message me here.
