The Car is mechanically perfect. I've had this car 9 years and it's hasn't given me a moment's trouble. No advisories at all on last MOT. There are some body marks, as might be expected for a car of this age, hence the price. Lovely family car; loads of room and very comfortable drive. MOT required 26/11/15. Tax till Jan 2016. Two keys and fobs. Only selling because I've upgraded to an RX8.;
