For self employed and small to medium businesses - contact me for assistance with your accounting, business or computing requirements. I can perform a secure book-keeping service and provide help with other areas of accounting such as financial and management. All work can be managed and maintained by myself or with your own desktop computers / laptops. I provide services from home and keep your finances secure or I can visit you at your business address. I can also provide assistance with your IT and again provide training at home or your offices with Microsoft Office software. I am very experienced in writing simple to advanced spreadsheets in Excel to help your business with it's accounting tasks or functions, financial reporting or preparing statutory or regulatory returns. I have 25 years experience in the accounting industry - working for a wide variety of companies. I have a great deal of IT experience in particular with Microsoft and Sage. Please don't hesitate contact me with your requirements - no matter how big or.
