I am a fully trained and qualified Micro Ring Hair Extensionist so you can be confident that when you choose Desired Lengths by Denise you are choosing a professional service. I offer hair extensions using the Micro Ring method. This method is one of the most popular methods available, as there is no glue involved, no painful weave and the Micro Rings will not cause any damage to your own hair. The hair is attached using a small bead or "ring" that will feel so lightweight and small in your hair that you won't even feel you like you have extensions in! Micro Rings are without a doubt the safest and most undetectable technique available for your hair and can be easily repositioned or removed without damaging your own hair and it can continue to grow naturally. I offer two types of 100% human hair to suit all budgets as I believe every girl is entitled to natural looking gorgeous lush hair. The luxury Russian hair I use is 1g in weight and is double drawn meaning that it is the same thickness from root to tip. The hair is the finest luxury Grade AAAAA* and if taken care of can be reused time and time again along with the repositioning service I also offer. This hair has been hand cut and arranged to ensure that the hair cuticles face the same way from root to end ensuring that the hair will remain untangled and soft to touch. If the hair is taken care of some clients are able to keep using the same hair for up to 1 year!!! I also offer beautiful Grade AAAAA Indian Remy hair that is double drawn and thick from root to tip and weigh 0.9g per strand. If taken care of the Indian Remy hair can last for up to 6 months. This hair is also great as a half head for those who naturally have fine hair as it is very lightweight but still ideal for those with thicker hair too as a full.
