

2006 VW Polo 1.2 S (64BHP) 12v, 5dr, silver, air con, remote locking, new MoT (2,350)

Location **South West, Dorset**
<https://www.freeadsz.co.uk/x-192310-z>

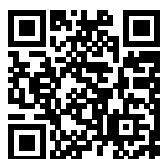

Lovely little VW Polo for sale. The S spec gives you Climatic air conditioning, electric front windows, MP3 CD player/radio, alloy wheels, fog lights, colour coded exterior trim and electric/heated door mirrors. Being the five door this is ideal for a small family, particularly with Isofix in the rear plus all three rear seats having headrests and full three-point seatbelts. There were different versions of the 1.2 engine available, this being the more powerful 12-valve, making it a comfortable car on the motorway as well as around town, but still giving that 3-cylinder efficiency. It's just had its MoT so is good until November 2016. Owned for the last six years and serviced along with the MoT despite the low mileage driven each year. Mileage is backed up by all of its MoTs and servicing records. Comes complete with the original owner's handbook in the glove-box and two keys/remotes. The Polo is located in Highcliffe near Christchurch, please contact me to arrange a!
