Vintage 1920's Religious Communion Set Vase and Chalices

Beautiful vintage 1920's communion set with vase and cups.

Condition is very good except for one cup is slightly tarnished but not immediately or very visible, and the vase base has a small scrape and dent on the base, but again not immediately or very visible.

We think the cups are chrome on the outside and may be silver lined, as for the vase it is brass. They really shine!
