two lovely matching black metal storage baskets/ racks from Ikea one small and one large with wooden handles sold as a pair. The smaller one has a removeable metal insert tray. I used the smaller beside the sink to keep soap, washing up liquid and nail brushes to hand and the larger one to drain cutlery in but they have many other uses, for example to keep your eggs in, condiments and sauces by the table or to serve bread rolls in (lined with a napkin) or even to hold your napkins in when you have guest the list is endless. The larger one is 12" wide x 8.5" front to back and 9" high to top of handle, the smaller one is 8" x 8" and 9" high to top of handle. In good used.
