A marvellous example of the gorgeous Mini convertible finished in the beautiful Cool Blue metallic. Has good spec with power steering, remote central locking, CD player, alloy wheels, electric windows and fully electric roof (up and down at the touch of a button with no fiddly catches to contend with!). In superb condition and drives really well. A super stylish little convertible in one of the most sought after colours. Amazing value. Comes with a November 2016 MOT (no advisories).
 Remote Central Locking, CD
