Lovely clean example of the convertible astra, been a real cracking car owned for two years, only actually selling as looking for audi a4/Bmw estate. The car has been absolutely brilliant, One lady owner before us so didnt see much use at all. Been used to comute to and from work mainly 12mile round trip a day. Really lovely car with the black paint work... After a sunday clean the paint really shines, few curb marks on wheels hear and there but was like that when we brought it. Lots of features in the car including heated seats, cruise control, keyless entry/start/locking, onboard computer reads lots of useful information plus a sport option. The car is curently not insured now as we're using a cheap runaround while we search for new car, so test drives are limited for obviose reasons. Unless traders insurance certificate valid. Near offers welcome.;
