Here at Horsham Piano Centre we carry out a full range of repair and restoration services form minor repairs for sluggish keys through to full restorations of quality pianos. We have extensive on-site workshops to cater for everything from small uprights through to larger grands. If your piano only needs more minor repairs then they can often be carried out in the home thus saving on the transport costs. If you would like further information on these services please call us on 01403 254223 and we can either quote over the phone for specific repairs or may need to make an appointment to come out and inspect the piano first. If you would like to see the work that we carry out then please come into the shop as we have always got some repair work on the go and are more than happy to explain what is going.
