My partner and I are looking for a reasonable narrowboat to buy. Any considered, including projects. This will be our first boat between us but we are far from inexperienced so please no time wasters.

Alternatively, perhaps you have a narrow/canal boat you would like caring for over the cold months? We can provide references and guarantors *if needed* and you could make some money whilst ensuring the safety of your boat. I hope this appeals to someone! Looking to move end of November, feel free to call for a chat ;
