This Enfield has just one owner from new and offers a fantastic saving on the cost when buying new and with just 1,251 miles on the clock it really is a fantastic buy, it is in an excellent condition and has certainly been cared for since purchase. It is fuel injected, very reliable and is such a fun bike to ride with a retro feel to it. Very, very economical to ride giving 80 plus miles to the gallon so retro price running costs too. There is an electric start but also features a kick start too which further adds to the retro feel, altogether it is a really appealing bike full of charm and character. Fabulous value both to purchase and run. Cars and bikes taken in part exchange, Finance offered subject to status, Nationwide delivery available, E
