

# Mercedes SI 1983 (12,950 GBP)

Location **South East, Kent**  
<https://www.freeadsz.co.uk/x-194759-z>

A recently imported car from USA offered in superb rust-free condition. Fabulous full leather interior with the rare optional leather occasional or child seats at the rear. Import taxes paid but car will require UK registration which is a fairly easy process. Handbook. A removable hard top comes with the car. The soft top is mohair and in perfect condition. This car has been kept in a garage most of its life away from sunshine and rain. Cars in this fine original condition are rarely available so early viewing is strongly advised. These cars are increasing in value rapidly so would represent a wonderful investment opportunity at this trade.
