

Bush DAC90A 1953 valve radio restored. (75 GBP)

Location **Yorkshire and the Humber, South Yorkshire**
<https://www.freeadsz.co.uk/x-195043-z>

Restored by me this year . Two new valves and several wax capacitors replaced. Two new bulbs . Modern plug attached to original plug to rear(which must be connected correct way round). all original knobs, washers ,back and even screws!
Bakelite body is excellent with a few tint marks, and scale has some wear to the wavelength numbers. as shown in pictures
.FLASH HAS MADE IT APPEAR THAT THERE ARE BLEMISHES TO CASE , BUT THERE ARE NOT.
I WOULD PREFER COLLECTION RATHER THAN POSTAGE FOR SUCH AN ITEM. POST WOULD BE AT BUYER'S.
