Location Wales, West Glamorgan https://www.freeadsz.co.uk/x-195066-z

This is a great chance to buy a 6 berth motorhome with fixed bunks to the rear. The benefit of the Adria Coral 670SK is the fact you can lift the rear bed into an upright position giving you the storage for bikes/awnings/dinghy/ etc inside the motorhome. The Adria has a large overcab bed area and can easily sleep 6 people in comfort or be used as a 4 berth and not have to worry about using the dinette as anything than a seating.
