1995 (N) Honda VRX400 V-Twin Jap import. This is a version of the 400 Honda Bros, produced for their home market. is 33BHP rated so ok for restricted licence holder.
 MOT until August 2016. Has aftermarket legal cans which sound nice. I also have the originals which are included in the sale. There I also a backrest which fits onto the rear carrier if you like the custom look.
 This is a lovely looking bike returns over 60mpg on my daily commute and cruises happily at 70mph
 Odometer is in KPH with MPH stickers and shows 90,000 KMs. Don't be put off by the mileage though, it runs smooth, no noises or smoke, uses no oil and has just had oil and filter change. Chain and sprockets new last August and good tyres. Selling to buy a scooter for the winter!
