

Free Public Lecture Healing on the Spiritual Path Medically Verifiable

Bruno Gröning (1906 - 1959)

Location

South East, Oxfordshire

<https://www.freeadsz.co.uk/x-195304-z>

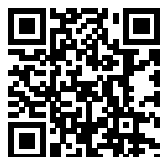

As part of an International series of lectures, doctors, psychologists, and healing practitioners will talk about healing on the spiritual path through the teaching of Bruno Gröning. Due to remarkable healing successes he became world-renowned in the 1950s. He left behind the knowledge of how to receive a natural healing energy which he called "Heilstrom". During the lecture, the listener can experience the healing power for themselves in a simple and natural way. Medically documented healings are presented and commented on in a way which is understandable to the general public. People who have been healed will report how they became free from mental and organic illnesses, even those declared to be incurable. Healings happen now as then, even from "incurable" diseases. These are documented in a multitude of medically verified success reports. Speaker: Ruth Wyler, DDS from Switzerland Sunday 8th November 2015, 11.00 am – 12.30 pm (approx). Contact: 07507795539 Admission is free, donations are.
