Starting from January I'll be creating an animated web series, telling some of the best stories from Cardiff and the surrounding areas. If you and your partner are full of life, outgoing and willing to spend an hour or so with me it would be great to hear from you. We are looking for a couple who would like to share their stories with us for an online series that's main focus will be to document life experiences, we'll record your story and add an animated video depicting what's said. The final video will be around 10min long which will include sections of the recorded conversation. This won't be an interview where I'll be asking you a lot of questions, it'll be a relaxed atmosphere where you can talking amongst yourselves and reminiscing about your past experiences. We're looking forward to hearing the details about how you met, your first thoughts, your first date, and any other memorable moments. Describe the feeling which occurred during these times. If you have any enquires about this post or would like to take part please feel free to call or email me on the number below Thank You Arran
