Genie Laptop Bag. Never used but stored in a wardrobe and has some dusty marks on it. Suitable for up to 17" laptops. Has 2 large main compartments plus 4 smaller pockets and another decent sized outer compartment as shown in the photos. The bag also has a shoulder strap which I didn't realise when taking the photos as it was in one of the internal pockets still in its original packaging. Please note that I had to remove the handle covers shown in the main photo to take the other!
