Seat Leon cupra 1.8 turbo, for sale for spare or repair due to being vandalised! Smashed front and rear screens, and drivers door window. Also major damage to the front and rear doors (drivers side) and a dent in the passenger wing! I have no idea how long this has been sat in the weather with smashed windows! I brought this car purley for the engine and gearbox for a conversion project, which for unforseen reasons cannot go ahead. I have no history with it and only part v5. The guy i brought it from said its had a full engine remap making it 220bhp! A very fast car with superb engine and gearbox- ideal for conversion project ie vw/ audi. Whole car £300. 07400075283 call matt for more details. may break car for parts but NOT breaking
