Contact me for my latest offers. You should not be ashamed that you are overweight. However you should be proud that you have taken the first step towards a healthier and happier you, because being an overweight person does not only carry medical risks but also has a huge impact on how you feel. I had personally struggled for decades with my own weight, so I can definitely relate with what you are going through and the difficulties you are experiencing. I can promise you that I will be there for you every step of the way and beyond in order to make sure that you succeed in losing your weight and keeping it off. You will always be given undivided attention during our one-to-one sessions and you can rest assured that everything discussed is always confidential. Most weight plans have hidden costs, but with me you only pay for the price of your products. This means that you will NOT be charged for weekly weigh-ins, administrative or registration fees, consultations, cancellations. You will also NOT be subject to minimum or maximum product orders. The price of one meal starts from £2.15, less expensive than the average sandwich. The Cambridge Weight Plan is in fact cheaper than you might think and certainly more economical than many other weight-loss programs. Additionally, I accept most major credit / debit cards as well as cash payments for your convenience. Just give me a call and together we can plan how you will start. Alternatively, make an appointment and visit me in Pottton, near Gamlingay Road, where we can begin your successful diet.
