Exceptional Shogun 3.2 DID Elegance LWB Tiptronic Auto. Service History, Full years MOT. Leather seats (7), rear folds under floor. Side and front airbags. Sunroof. Cruise. Side steps with kerb lights. Alarm/immobiliser. Towbar. Mitsubishi Le Mans wheels with almost new Hankook tyres. Belts and all oils recently changed (engine, auto box, diffs, transfer box). Recent new brake pads all round and new rear calipers. Runs faultlessly. Be aware that later models are £200 higher road Tax. You MUST ensure when buying that the following has been done:- Top timing chain guide, these commonly fail and parts can fall into and destroy the engine. Later uprated guide fitted. Fuel filler pipes commonly rust through as they are in the wheel arch and allow dirt and water into the fuel tank which can destroy the fuel pump which is hugely expensive to replace. The filler pipes in this case were not rusted through but have been completely refurbished and the tank drained as a precaution and found to be dirt and moisture free. Car has also had the Terraclean treatment for increased performance and fuel economy. Reluctant sale but I'm retiring soon and getting a motorhome. ;
