Volvo C30 1.6 R-Design Sport (2008) MOT Aug 2016, full service history, sold with private number plate..... Very clean and reliable car with low mileage 49.7K which is no longer needed so I'm reluctantly selling it. Metallic Two Tone Paint Scheme (Cosmic White Metallic with dark Metallic Skirts) in excellent condition. Beautiful two tone half leather interior (white and Black) with heated front seats, and a wonderful waterfall style dashboard featuring a great stereo that connects to a smart phone or mp3 player and climate control..... The car alone is worth the asking price so think of the private registration number as a freebie (worth approximately £1500) that would suit different types of people from Electricians to Musicians to Vampire enthusiast / Goths (Twilight Saga springs to mind as this model of car was Edward Cullen's choice of vehicle). The actual number on the private number plate is also considered very lucky in some cultures!..... Salients detail of the vehicle are: Private Number Plate Full Service History Long MOT Very Reliable, Excellent Condition Inside & Out Recent Oil Change New Tyres All Round.....
