This Multistrada has had one local owner from new and has only covered 11,883 with full service history and a new mot. In very good condition and ready to ride. The exceptional performance of the Multistrada 1000 DS is derived from its impressive twin-cylinder 1000 DS engine and top-of-the-line Superbike components. The unmistakable Ducati trellis frame combines with the fully adjustable Showa long travel fork to provide smooth performance as well as safe, secure handling. The fuel injected 1000 DS is the most advanced, air-cooled Ducati Desmo engine ever. Ducati set out to create a revolutionary motorcycle to be innovative, to set new standards that will inspire others to follow, to create a generation of sports bikes capable of tackling all road conditions. And the result is the Ducati Multistrada. Whether your journey takes you up twisty mountain roads, to busy city centers or on your daily commute, the Multistrada excels wherever there is asphalt. Delivering performance without sacrificing practicality, versatility without compromising road-manners and advanced design without forfeiting function, the Multistrada is a real-world motorcycle for real-world riders. In addition to the now acclaimed 1000 DS, Ducati has launched a new, agile 620 entry-level model and a high-performance 1000S DS version for 2005. Condition:
