

# Belkin N1 Vision Router 3 antennas N band 300mbps LCD screen for Cable broadband

Location

**South East, Buckinghamshire**

<https://www.freeadsz.co.uk/x-197363-z>

This is for a Belkin N1 Vision Router it is for a cable type network. It has 4 Gigabit ports for optimal performance. It also has wireless N, B, G, AB with 3 antennas it means that the wireless on this is very strong around the house it is capable of outputting 300mb/s which is amazing. The unique router also has a LCD display which is able to display your broadband speed, bandwidth usage, connected devices and several other features. Another feature this has is Guest mode so that guests connect to a different SSID where you can limit the bandwidth they use and separate them from your home wireless devices making them less prone to being hacked. Included: Router Power adapter Instructions
