We have 4 beautiful fawn colored pug puppies for sale 2 boys and 2 girls, all KC registered. They have been wormed several times, deflead and have had 1 of their 2 injections. All will be checked by our vet prior to leaving and help and advice will be given regarding their feeding and exercise. These pups are home reared, we are not a puppy farm and the pups and their mum can be viewed and I have photos of their dad. Stunning!!! They love to play with their balls, going for walks and getting lots of attention from anyone who walks past. They are so loving. They are fully house trained and uses puppies wee pads if no one is there to let them out for toilets. If you think you can give them a loving home then please do get in touch. I check my emails regularly and always reply to.
