Saudi Arabian Furniture I have for sale the lounge furniture that was built and bought 21 years ago and used during my time working in Dhahran - Saudi Arabia. I have decided to have a change and it is now up for sale. The furniture is solid, heavy and very unusual. It is constructed out of a mix of solid wood and veneer but after 21 years it could do with some refinishing and a little TLC to restore it to its original condition which is reflected in the sale price. The furniture consists of the following:- Two lamp tables 52cm high, 74cm long x 64cm wide. One coffee table 42cm high, 100cm long x 100cm wide. One consol table 69cm high, 143cm long x 43cm wide. TV Cabinet 198cm high, 111cm wide x 66cm deep. We had a 36inch TV in this cabinet with shelves for DVD/Video players. There is a large amount of storage below. The left and right cabinets have etched glass. Unfortunately the glass panel in one of the doors was accidentally broken during shipping but a new piece could easily be cut to.
